

«In the City of Peace»

(Eng) Translated by Tatyana Ivakhnina

In the city of peace,
On the planet of Earth,
Love was our bliss,
We were bathing in mirth.

* * *

In the city of glory,
On the planet of minds,
We took part in the story
That another wit winds.

* * *

In the city of grace,
On the planet we know,
Dotted lines made us face
Other lives in a row.

* * *

In the city of heather,
On the planet of Earth,
We are happy together,
You and me...

* * *

Together.
