

«The Tune of Success»

(Eng) Translated by Makarenko Catherine

The tune of livers is the tune of
The planet. Bless the play of sky!
The tune of light, with the successful
Tune, streams of miracles supply.

The good luck tune is so habitual.
Our way by happiness is formed.
The tune of hearts... And unhabitual
Our dates became. So keep the word!

Such motive always will remind of
The faces of your dear ones.
The tune of victories for great men,
The happy tune for common ones.
