Слова и музыка: группа «Bad Boys Blue»

I know. Love is different to you.
Because love can be frightening – that's true.
But take me as your brother and your friend.
And take me as your lover and your man.

* * *

Pretty young girl of my mind.
How I wish you to be mine.
Girl you are no Child anymore.

* * *

Pretty young girl of my mind.
Don't you know. Know I can't hide.
Can't Hide my feelings.
You're my girl and you're sixteen.

* * *

Don't know. Is it wrong is it right?
Sweet girl. I wanna love you tonight.
So take me as your brother and your friend.
But first of all, I wanna be your man.

* * *

Pretty young girl of my mind.
How I wish you to be mine.
Girl you're no Child anymore.

* * *

Pretty young girl of my mind.
Don't you know. Know I can't hide.
Can't Hide my feelings.
You're my girl and you're sixteen.
