

«My Magnetizing Star Of Luck»

(Eng) Translated by Tatyana Ivakhnina

There always will be only trumps
Of all the suits among my pack,
And in the sky will always shine
My magnetizing star of luck.

* * *

I want my fortune constantly
To be with me for all the way.
I want to get prosperity,
To grow my wealth from day to day.

* * *

In heart affairs I wish success,
To find my love and never lose.
In dreams at night I want to guess
Where mysteries hide their clues.

* * *

There always will be only trumps
Of all the suits among my pack,
And in the sky will always shine
My magnetizing star of luck.

* * *

A happy life it will forecast
For you and, the two of us.
