

## «Streams»

(Eng) Translated by Makarenko Catherine

Like rivers will the streams be out.  
It's wonderful when spring you meet  
Where roads are waving to the clouds  
To step once more my bare feet.

The Moon and stars can see the secrets  
Of cool night. Are you shocked enough?  
Their reflections are not mystic  
For those who are deep in love.

In place where now is your House  
May there always be God's grace...  
I hope, the Lord will make you peaceful.  
Let all your deeds by him be blessed!

Like rivers will the streams be out.  
It's wonderful when spring you meet  
Where roads are waving to the clouds  
To step once more my bare feet.
